# Welcome

There's no one-size-fits-all approach to making every day better. Your lifestyle, your needs and your mobility are all unique. So we do our absolute best to make sure that everybody who needs a helping hand with a mobility aid not only gets one, but that they find the one that's right for them.

We do this by searching high and low for mobility aids that fit around your lifestyle, opening new showrooms all over the UK so you can try before you buy, and making sure our prices stay unbeatable all year round. And we're always here for you after you buy, with product support and customer service teams on hand 7 days a week.

“

I was able to see the whole city  
and I also saw a lot of other people  
with scooters.

Helen

Helen on her Minimus Travel Scooter on holiday in San Sebastián.

# Love in San Sebastián

Helen takes in the rustic hills and cobbled streets of Basque Country on her scooter

“

**I've waited some time to leave a review as I wanted to take the Minimus on holiday first.**

I took my the Minimus to San Sebastián, Basque Country. I was worried about the pavements and whether they'll be prepared for scooters. I was very surprised and I was able to see the whole city and I also saw a lot of other people with scooters.

Nobody had one as small and light like this one. Many people were interested and asked me about it. Someone even offered to buy it from me!

My husband is also very happy that it's very light and we often take it folded in the car to do our shopping.

**I very much recommend this scooter.**

”

**See the Minimus on page 11**

## Top accessible destinations

San Sebastián isn't the only place you can travel if you're looking for your next adventure!

### Denver, Colorado

The Mile-High City is perfectly set up for mobility aid users. If you're concerned about taking your scooter or wheelchair abroad, you can rent equipment there. And they even have accessible taxis!

### Rio de Janeiro, Brazil

Since the 2016 Paralympics, Rio de Janeiro has seen huge improvements to the city's transport network, including making it more accessible for limited-mobility users. You can even take a fully accessible cable car up to Sugarloaf Mountain!

### Hong Kong, China

Hong Kong is one of the most wheelchair-accessible cities in Asia. The city has well-maintained pavements and kerbs so you're never struggling to get around. And the modern transport system is fully accessible!

### Pembrokeshire, Wales

Pembrokeshire has a huge number of accessible attractions as well as accessible trails for those who like to be around nature, allowing those with limited mobility to enjoy the stunning Welsh coastline.

Fresh air and  
*Freedom*

“

I trust it more than the old scooter. It gives me the freedom to go out when I choose, and I'm looking forward to summer!

Joanne

**More than ten years ago, Joanne was diagnosed with multiple sclerosis (MS). Determined to stay as active as possible, Joanne and her family visited their local CareCo showroom on a mission to replace her outdated scooter with a more modern, comfortable and convenient model.**

"My life changed in the way that I couldn't walk as far", Joanne says of the impact that MS has had over the years. "I used to be an avid walker, which is a real disappointment to me because I can't do that now, but I want to do as much as I possibly can."

Of the utmost importance for Joanne, then, was upgrading from her cumbersome old mobility scooter to a model that would fit into the boot of their car. Having heard of CareCo through family friends, Joanne and her family headed off to their local showroom. After being shown a handful of scooters that matched Joanne's wishlist, they decided to plump for the X-Go Astro. "We had a test drive in the store and saw how easy it was to collapse it and put it in the boot of the car, and that was easier to do than with my old scooter."

It's not just Joanne who sees the benefit of her new scooter. Claire, her daughter, has noticed a huge difference. She describes the Astro as a massive improvement on the last scooter, praising it for its reliability. "We know we're not going to get stuck in a pickle, stuck in any mud patches, or end up having to push Mum up Scarborough Castle hill!"

Joanne loves the reliability of her new scooter, as well as the features it offers that weren't present on her last scooter, like on-board battery charging. She credits her showroom visit for showing her the difference these features can make when it comes to living independently.

With a new remote-controlled garage door fitted at home and the knowledge that her X-Go Astro won't let her down, Joanne relishes her independence. "It means I'm not stuck at home all day while my husband is at work. This scooter has really changed our lives!"

## Behind the scenes

We're so grateful to Joanne for sharing her story with us. The chance to change somebody's life for the better is an absolute privilege, and one we never take for granted.

### Would you like to share your story with us?

As a thank you, we'll give you £500 of M&S vouchers or a £250 voucher towards your next CareCo purchase.

# SepaRamp Access Ramp

Overcome high thresholds and tricky transportation situations with the 6ft SepaRamp, a lightweight yet super strong aluminium ramp made specifically for use with wheelchairs, powerchairs and mobility scooters.

Quick and easy to set up (just watch for the pinch points!), the SepaRamp can go with you anywhere you need an accessibility boost.

The grippy material on the base means it's extra reliable in wet outdoor areas, and it can even be permanently fixed into position using the securement pins – brilliant for dealing with those garden steps that cause you trouble.

Product Code: **MS08020007**

**£199.99**

# Aerofold Ramps

Aerofold Ramps use an innovative flat-plate hole-punched surface for superior traction and grip even in slippery conditions. Constructed from lightweight rust-proof aluminium, which makes them easier to lift yet stronger than other mobility ramps.

These ramps can be carried as a single unit or separated into two sections. Suitable for mobility scooters and wheelchairs, with a weight bearing capacity of 800lbs (360kg).

# Do I qualify for VAT relief?

**If you have a long-term illness or you're disabled, you don't have to pay VAT on certain goods as long as they are designed or adapted for your own personal or domestic use.**

The scheme also covers the installation of products, repairs or maintenance and spare parts or accessories, and is intended to reduce the price of products and services that you may need because of your disability.

## Which products are eligible for 0% VAT?

Look out for the VAT Exempt badge on products when browsing our site. These products are eligible for VAT relief as they have been designed or adapted specifically for a disability. So, as long as your disability or long-term illness qualifies under the scheme, you don't have to pay VAT on these products.

## What counts as a long-term illness or disability?

For VAT purposes, you are disabled or have a long-term illness if:

- you have a physical or mental impairment which has a long-term and substantial adverse effect upon your ability to carry out everyday activities.
- you have a condition that the medical profession treats as a chronic sickness, such as diabetes.
- you are terminally ill.

You don't qualify if you are elderly but otherwise able-bodied, or if you're temporarily disabled. You don't have to physically buy the goods in person. If your parent, guardian, wife or husband buys the goods and services for you, then you will not be charged VAT.

## How do I purchase zero-rated VAT products?

When you place your order, we'll ask you to make a legally binding declaration about your illness or disability, that we may be required to provide to HMRC. In completing this form, you are declaring that you are claiming VAT relief under Group 12 of Schedule 8 of the Value Added Tax Act 1994.

It is an offence to make a false declaration. The information you provide is kept strictly confidential and is used only for our application of VAT relief to the products we supply you with and for the VAT accounting purposes of HMRC.

## What counts as personal or domestic use?

Personal or domestic use means that the goods or services are supplied for your own private use, rather than for business purposes.

If you are in any doubt as to whether you or the person you're buying on behalf of is eligible to receive goods and services zero-rated for VAT, please consult Notice 701/7 VAT reliefs for disabled people, or contact **HMRC National Advice Service on 0845 010 9000**.

The helpline is open from 8am to 8pm Monday to Friday.

### Cromwell

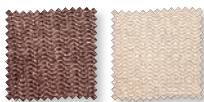

One look at that inviting pillow backrest should be all it takes to convince you that you need the Cromwell in your living room. The built-in heat and massage soothes those aches and pains, while the dual motor offers countless seating positions.

# Ah, that's better

## The Oakdale 4-Motor Riser Recliner

### Double the customisation, double the comfort.

With its smart 4-motor design, the Oakdale Riser Recliner offers double the amount of comfort control compared to ordinary riser recliners.

The adjustable backrest and footrest move smoothly into place to support your body in whichever position you find most comfortable, with a gentle riser motor to lift you to your feet and lower you back down again, taking the strain from unsteady knees and arms.

Available in Boucle Grey and Cromwell Oatmeal Weave

But what makes the Oakdale a Which? Best Buy for riser recliners is the addition of two extra motors, one in the lumbar area and another in the headrest.

Only a 4-motor chair like this can offer such pinpoint pressure relief, easing tension in the neck, shoulders and lower back with a few quick clicks on the handset.

Just one of the reasons you'll find it in our Ultimate Comfort range.

### Comfort test in your local showroom

Not just another piece of furniture, our riser recliners are designed to keep you independent in the home you love.

Visit your nearest showroom to see just how the Oakdale can make your everyday better.

# A little extra help...

Dressing aids are fantastic devices that make getting dressed much easier for those with a lack of mobility and balance.

From elastic shoelaces to button hooks, we have the perfect equipment to help you dress yourself without strain or injury. Dressing-assisting devices are perfect for people who find difficulty when putting their clothes on and taking them off. If your mobility is limited due to your age, a disability or a medical condition, our handy accessories will enhance your ability to get on with your life.

## Polycotton 2 Layer Apron

With an attractive tartan design, this UK-made CareCo Bib is generously sized for adults and features a straightforward easy-fasten snap closure.

**Length** 58 cm

**Width** 44 cm

Green

Burgandy

Blue

Product Code: **DL03010002**

### Long Handled Shoe Horn

The Long Handled Shoe Horn is an invaluable tool for anyone who struggles to get their shoes on due to a lack of mobility. Made from strong moulded plastic, the long reach of this shoe horn will guide your feet into your shoes with ease.

The Long Handled Shoe Horn is easy to clean if you need to: just give it a wipe with a mild detergent and water.

**Length** 43 cm

Product Code: **DL03010011**

**£3.99**

ex VAT

RRP: £3.99

**SAVE £1.00**

### Poly Stocking Aid

Make your mornings that much easier with the Poly Stocking Aid. Getting dressed can be tough when you're not as flexible as you used to be, and it's not always something you want to ask for help with.

The Poly Stocking Aid helps you to get dressed without having to bend or stretch. The gutter-style design means you just pull your sock or stocking upwards using the long-reach handles.

The padded fabric of the Poly Stocking Aid won't damage vulnerable skin on your feet, while the long-reach loop handles are easy to grip.

Product Code: **DL03010014**

**£6.99**

ex VAT

RRP: £8.99

**SAVE £2.00**

### Elastic Shoe Laces

Turn lace-up shoes into easy to use slip-ons. Our Elastic Shoe Laces are a useful dressing aid for those with limited range of movement.

If bending down to tie and untie your shoelaces has you in a knot, simply thread these laces through your shoes and leave them in place. Your shoe can then be slipped on and off without the laces needing to be tied and untied!

With 4.9 out of 5 from tens of thousands of reviews

# Little *green* shoots

With spring just around the corner **here are 5 ways** to make the most of your garden in the coming months...

1

### Plant early

March is the perfect time to get your green fingers working! Keep your bulbs like crocuses, daffodils, and tulips well-watered and fed.

Planting those seeds now will ensure your garden is bright and colourful when summer rolls around!

4

### Make the bed

If you haven't started yet, it's time to prepare your vegetable beds for planting.

Start weeding, add some compost or well-rotted manure, and dig over the soil to improve drainage. You can start planting early crops like potatoes, peas, and spring onions, which thrive in cooler temperatures and can be harvested early.

2

### Keep your garden tidy

Pruning and trimming, even in the early months of their bloom, encourages healthy growth as the sun begins to make an appearance.

Keep dead or diseased branches away from the healthy plant too.

5

### Help out the wildlife

Let the birds feed! Leave out bird seed and provide plenty of fresh water.

If you've spotted hedgehogs, leave undisturbed piles of leaves or wood for them to hibernate in. Let them make a house of leaves a home!

3

### Reaping what you sow

**Get the seeds in:** Now's the time to order seeds for vegetables, herbs, and flowers. Start small with indoor seeds for early crops like tomatoes, peppers, and aubergines.

**Make sure your seeds are placed in a light, warm spot to encourage strong growth.**

### Send in **your** garden stories and pictures

**Whatever type of garden you have we would love to see it.**

If you've found clever ways to make your outdoor space more accessible let us know!

Send your stories to:  
[customerstories@careco.co.uk](mailto:customerstories@careco.co.uk)

# Garden tools and aids

Gardening aids are specialised outdoor tools that help those with a lack of mobility to continue doing the things they love.

From ergonomic handles to comfortable kneelers, we have the best aids to make looking after your garden more enjoyable. Adaptive gardening tools are ideal for limited mobility individuals who struggle to use regular equipment. If you get sore knees or struggle to bend down, our folding kneeler will provide a stable place to rest.

## Comfi Grip Garden Fork

## Coventry: Make a day of it

**We've finally arrived in Coventry, so why not pop in and give us a visit? Just don't let us be your only stop! Be sure to check out some of the great things you can do in Coventry.**

Welcome to Coventry, a city steeped in history and bursting with charm – there's plenty to do and lots to see.

The best place to start your journey is at the stunning St. Mary's Priory and Cathedral, which has been standing since the 12th century and has introduced lifts, levelled floors and raised platforms (though be wary there are still some areas that don't have full mobility access).

If history isn't your thing, then pop into the Herbert Art Gallery & Museum, which is fully accessible and packed with fascinating exhibitions.

If you fancy a spot of shopping, head to West Orchards Shopping Centre, which offers step-free access and plenty of seating if you need to take a rest.

For a breath of fresh air, the War Memorial Park features level paths and peaceful gardens, perfect for a relaxing stroll. And why not round off your day at any number of the city's cosy cafés, indulging in a proper cuppa – unless you're joining us in store for one later on!

“

In need of some retail therapy? Head to West Orchards Shopping Centre. Step-free access and plenty of seating means it's easy to get around with mobility aids.

## Things to do in Coventry

From indoor swimming pools to artistic outposts and historic museums, Coventry has so much to offer!

### The Transport Museum

Begin your mobility journey than in the museum that tells its rich history?

The Transport Museum houses an incredible collection of vehicles of all kinds and, crucially, it offers lift access, wide walkways, and interactive exhibits.

### The Wave

Coventry's state-of-the-art indoor waterpark is fully accessible, boasting a series of ramps and changing rooms specifically for those with all needs.

A great place to relax and have a bit of fun!

### Fargo Village

Fargo Village is a creative quarter, hidden in the depths of the city, which has a selection of independent shops, artisan cafés, and accessible pathways.

A great chance for you to experience Coventry's vibrant art scene.

### Coombe Abbey Park

The perfect place for a nice outing along a historic park surrounded by nature – what could be better?

From manicured garden lawns to stunning lakeside views and a lovely stop for a cuppa at the Café in the Park.

# Celebrating an incredible year of work in the name of **Macmillan**

Throughout 2024, CareCo has helped to raise money for Macmillan, a cause near and dear to our hearts. As a company, we've supported 8 colleagues living with cancer, and we're incredibly proud to continue fundraising for such an incredible charity.

In the last year, we've done everything from walking the Jurassic Coast for their Mighty Hike initiative, to hosting Coffee Mornings across our showrooms and holding a charity gala with all proceeds going to Macmillan.

Here's the story of our work with Macmillan this past year...

## Walking the Jurassic Coast

We started off our efforts this year with a walk across the Jurassic Coast as a part of Macmillan's Mighty Hike initiative.

We were picked up from our HQ in Braintree wide-eyed and tousle-haired at 05:00am on a Sunday morning and made our way to the Jurassic Coast to begin walking alongside 500 other people!

Many of our team lapped the earlier walkers to make it to the first pit stop at 7 miles, where we were given cereal bars, fruit and nuts, and squash to keep us going. We managed to get up the steep slopes of the cliffs while wallowing through mud!

**Our efforts trekking the Jurassic Coast helped us to raise an amazing (at last count) £7929.00**, and we plan to walk the Yorkshire Dales in June for the 2025 Mighty Hike!

“

We managed to raise over £4,000 on the night, and with the ticket sales that increased to over £6,000

### Macmillan Coffee Morning

Macmillan's Coffee Morning is one of the most well-known awareness campaign, and it's a lovely chance to bring people together to raise money, drink tea and scoff some cake.

Held over a two-week period, our collective efforts spanned across all company showrooms and offices, bringing together employees and customers to support Macmillan. Our employees baked a number of tasty treats across our sites and showrooms and **we raised another £1,000 for Macmillan taking our total close to our target of £10,000 for the year!**

We also held raffles across the country, increasing our donations from both staff and customers.

### Charity Gala Dinner

In November, we rounded off our year of Macmillan support with a charity Gala dinner, held at Channels Golf Club in Chelmsford, Essex. This was a chance for everyone to have dinner, enjoy a dance or two and win some amazing prizes!

We managed to raise over £4,000 on the night, and with the ticket sales that increased to over £6,000. Our evening started off with a wonderful speech from our Chairman, Malcolm Harrison. Malcolm's speech introduced the evening, of course, but also served as a reminder of the incredible work Macmillan do.

We're so proud of all our teams who have made a real impact in supporting Macmillan's vital work, helping those affected by cancer get access to the valuable support they need. **Altogether we raised an impressive £16,000!**

ZORA

CARBON POWERCHAIR

## The lightest powerchair in the world

Weighing just 13kg, the iCONNECT Zora Carbon Powerchair is even lighter than most wheelchairs, yet it doesn't compromise on features.

Its frame is made from carbon fibre, ensuring maximum strength and durability.

With batteries suitable for air travel and a quick-folding mechanism, the Zora supports your mobility wherever you need to go.

Solid, puncture-proof tyres

## ProSkin Comfort

Two-piece system that is available in three different absorbency levels to meet individual requirements. TENA Comfort has a unique absorption core with a FeelDry™ layer that locks urine away from the skin. An All-Round Barrier™ provides excellent leakage protection, skin dryness and user comfort.

## Tena Men

This anatomically shaped pad in three absorbencies is especially designed to fit the male form to ensure maximum security and discretion. The cup shaped pad follows the contours of the body to give a snug and secure fit. The adhesive strip secures the pad in position within normal underwear. The soft material is gentle to the skin and completely noise free.

## Tena Pants

Disposable absorbent product that can be handled just like normal underwear, encouraging greater self-care. The security that TENA Pants provides is due to the FeelDry™ technology, which rapidly absorbs even large quantities of urine into the core and quickly away from the skin, keeping the surface exceptionally dry.

## Tena Comfort

These small, slim reliable pads in three absorbencies have an extremely effective inner core, allowing faster fluid acquisition and improved absorbency keeping the skin dry and the user secure. The adhesive strip on the back secures the pad in position within normal underwear.

## Tena Comfort

TENA Discreet Normal offers discreet and secure protection for medium bladder weakness. The soft pad is anatomically shaped with elasticated sides and designed for women with sensitive bladders and gives outstanding absorbency and discreet everyday protection. Triple Protection ensures leaks, odour and moisture are quickly absorbed.

## Tena Bed

A reliable and versatile incontinence bed protection. The adult-size sheet covers mattresses, chairs, sofas, wheelchairs and other surfaces from accidental urine loss or bed wetting. The combination of the absorbent core and waterproof back-sheet ensures leakage protection.

## Home Installation

Fuss-free delivery with our Home Installation service

- Unboxing and packaging disposed of
- Product set up and demonstrated
- Ideal for Scooters, Riser Recliners, Powerchairs and Bath Lifts
- Agree your delivery date with us
- **FREE** of charge on selected products

### Pre-inspection checks

Our trained engineers assemble and triple check your product before delivery

It's ideal if you live in an upstairs flat or apartment, would struggle to lift heavy boxes or parts, or just want to make sure your product is correctly assembled and safely installed.

On your delivery day, the engineer will arrive with your product and make sure everything is just right. They'll show you how everything works, including how to charge, assemble and disassemble your product. If you've got any questions, our engineer will be happy to answer them.

### Setup & install

We'll get your mobility aid set up where you need it and installed correctly

And they'll even take all the unnecessary packaging with them when they leave. It really is as simple as that.

Where products are particularly tricky to put together, Home Installation will be provided free of charge. You'll see these products listed with Home Installation included.

The standard charge for Home Installation is £60. Extra items can be added for just £30 each. Please note that Home Installation deliveries are sometimes carried out by a third party.

### Demonstration & advice

We'll show you how everything works and answer any questions you have

## Delivery Options

### Standard Delivery FREE over £60

- Available on all standard products
- Includes Folding Scooters and Powerchairs
- £3.95 for orders under £60
- Delivered to your door by courier

### Next Day Delivery

Call us on 0333 015 5000 or visit [www.careco.co.uk](http://www.careco.co.uk)

### Large Item Delivery Standard £20 - Next or Specific Day £30

Our large items are, well, large! So we ask one of our specialist delivery partners to deal with all the heavy lifting for you. This is a 2-man room of choice delivery service and it includes:

- SMS and email updates to keep you in the loop from the moment you place your order to the day your product is delivered.
- A 2-hour delivery window with a courtesy call 30-45 minutes before our delivery partner arrives - so you won't be waiting indoors all day.
- Delivery of your product to a room of your choice, up a maximum of 3 flights of stairs.
- Your item can be unboxed, but for extras like assembly, demonstration and the removal of packaging you may want to consider our Home Installation service.
- For next day deliveries, orders made after 3pm will be delivered within 1-2 working days.
- Next / specific day delivery is only available on items in stock at the time of purchase.
- While we guarantee next day / specific day dispatch CareCo are not responsible if the courier service fails to deliver on time. However, every effort will be made to ensure your product arrives as per your request.

**Make every day  
a better day**

### Find your new favourite chair

Our riser recliners are available in a huge range of styles, fabrics, colours and patterns, so you can find a chair that keeps you comfortable and suits your home.

### Open-plan and spacious layouts

There's plenty of room to get hands on with our selection of mobility equipment, whether you're testing a wheelchair, a walking aid or a powerchair.

### BHTA Member

As members of the UK's oldest and largest healthcare association, you can be sure of our commitment to excellent customer care at all times.

We've got a 5 star rating of 'Excellent' on Trustpilot.

## Buy today spread the cost up to 36 months

Choose to spread the cost over 36 months

Opt to pay your loan off in 4 months and we'll cancel any interest\*

\*Interest is charged from the day your loan starts and will only be cancelled if you pay off the amount of credit advanced within the Pay in 4 period.

### Representative 29.9% APR

Representative Example: Cost of Goods £1200, Deposit £50, Amount of Credit £1150, Annual Fixed Interest Rate 26.47%, Monthly Payment £46.85, Term 36 months, Total Payable: £1736.60, Representative 29.9% APR

## Delivery, Returns & FAQ

### Do you deliver outside the UK?

Yes. We now deliver to over 140 countries. Please call us on 0333 015 5000 or email us at [sales@careco.co.uk](mailto:sales@careco.co.uk) to find out more.

### How quickly will I get my order?

Providing it's in stock, you should receive within 3 - 5 working days. We also offer guaranteed same day dispatch if you order by 3pm, Monday – Friday. Please ring or go online for details. If you opt for our Home Assembly service you will receive your product within 7 – 14 working days.

### How much will I be charged for delivery?

Courier delivery (on smaller items) is free for orders over £60 to UK mainland addresses (£3.95 for orders under £60). Our Large Item delivery starts from £20 and includes SMS and email updates, a 2-hour delivery window and unboxing of your product in a room of your choice. And for extra assistance, our Home Assembly service deals with all the faff of putting your product together for just £60 (£30 for extra items). Delivery to the Scottish Highlands and non-mainland UK will incur additional delivery charges.

### Do the products come with a guarantee?

Our products are covered by a 1-year guarantee. On selected lines we provide up to 5 years. Please note that batteries are covered for 6 months.

### What if I'm not happy with a product?

If you're not 100% satisfied for any reason, you can return it for an exchange or refund within 30 days of purchase. Returns must go to our warehouse (we can't accept returns at our showrooms) and can be sent either via a self-arranged return by post or via our collection service. Collection charges will apply. Please note: Products that are made to order, are specially adapted to suit your requirements, or products which void health and safety regulations if used (such as incontinence, bathroom or toilet products), are non-refundable.

### How do I claim VAT exemption?

Most of the products within the brochure are VAT exempt unless otherwise stated. Simply indicate your medical condition at point of order to qualify for VAT relief.

### What does my warranty cover?

In the first year this will cover parts and labour. Some products have parts covered in the second year and beyond. We do offer extended warranty, please ask the sales advisor when calling to order. Warranty will not cover accidental damage, customer misuse or water damage. Visit [www.careco.co.uk/terms](http://www.careco.co.uk/terms) for more information.

### Terms & Conditions

CareCo (UK) Limited operate a 30 day return policy from the date of receiving your purchase. Items classified as made to order are non-returnable or refundable unless they arrive faulty, damaged or incorrect. For our full terms and conditions, please visit: <http://www.careco.co.uk/terms>.

Please note that promotional discount prices for our 'Offers' are valid until 30/06/2025, while stocks last. We reserve the right to change other product prices at any point. Delivery charges are subject to change.
