Mahogany

Available on Salcombe range, fireside chairs & footstools only

**Now available with unique & patented mechanism\*** including new

**Neck & Head** support adjustment

**Lower Back** support adjustment

\* Only the riser recliner includes a 4-motor mechanism

## The Ultimate Comfort riser recliner featuring our patented 4-motor mechanism

**Our Ultimate Comfort 4-motor riser recliner has been designed with individual comfort in mind.**

Our unique and patented 4-motor mechanism, along with four size options and four different comfort back styles, enables us to find you a chair that fits perfectly.

In addition to the two rise and recline motors, there are two further motors. The lumbar motor, which allows lower back support adjustment, and the head and neck motor for supporting your head and shoulders. Having these four moving parts in a chair is the only way to sit in ultimate comfort.

### 4 motor explained

1 Neck and head adjustment

2 Lower back lumbar support adjustment

3 Rise and recline adjustment

4 Foot and leg adjustment

Head & neck support

### Improve your posture

**Support your body, reduce aches and pains.**

The Ultimate Comfort 4-motor riser recliner is the most supportive chair available right now. With 4-motor functionality, you're in complete control of your comfort.

It's approved by occupational therapists to support your posture as well as your head and neck too.

**Visit your local showroom for expert advice.**

Supports head,  
neck & shoulders

Recline back to  
suit your position

## Salcombe 4-Motor Riser Recliner

**Classic wood knuckle design and support feature for easy rising.**

With a unique 4-motor design, the Salcombe riser recliner gives you double the level of control as a regular riser recliner.

An adjustable backrest and footrest allow you to easily adjust your position to find that perfect level of comfort. The riser functionality also makes getting in and out of the chair completely effortless.

As well as this, the state of the art design includes two never seen before features that give you an extra level of luxurious comfort.

An adjustable headrest motor enables you to accurately support your neck and shoulders, while in-built lumbar control will help to soothe your lower back muscles and ease any tension.

## Salcombe Reclining Two & Three Seater Sofa

The Salcombe two & three seater reclining sofa provides the same incredible control over comfort as the recliner chair, but with two individually moving recline actions on each side of the sofa. This enables two people to benefit from ultimate relaxation. The three seater model features one comfortable static seat in the middle.

The Salcombe two & three seater sofa is also available as a static model.

Recline back to  
suit your position

## Oakdale 4-Motor Riser Recliner

### A distinguished scroll-arm chair.

With a unique 4-motor design, The Oakdale Riser Recliner gives you double the level of control as a regular riser recliner.

Its adjustable back and footrests move smoothly into place to support your body as you sit and can be easily changed to suit your position. Then, when you're ready to get on with your day, the riser function will effortlessly lift you up and out of the chair.

What makes our riser recliners so different is that we include two extra adjustable features to help you feel even more comfortable. The in-built lumbar feature provides extra support for the lower back, whilst the headrest feature will help to alleviate any tension from the neck and shoulders.

## Burlington 4-Motor Riser Recliner

Styled with a classic rolled arm design, the Burlington riser recliner offers twice the level of control of a standard riser recliner, helping you to get completely comfortable every time.

This riser recliner comes with a built in adjustable backrest and footrest to make it effortless to find the right position, and when you're ready to leave the chair, it provides extra assistance so you can get up easily.

To fine-tune your comfort, this cutting-edge chair design gives you two extra ways to adjust the positioning of your chair.

A motor in the headrest provides increased support for the head, neck and shoulders, whilst the lumbar feature provides extra support for your lower back.

## Burlington Reclining Two & Three Seater Sofa

Our Burlington recliner sofas are designed to give two people separate control over their positioning, tailoring comfort to each individual. Either side of the sofa is independently adjustable, and in the case of our 3-seater Burlington, the centre seat offers a comfortable static place to sit.

Both the two seater and three seater models of the Burlington are available as static sofas.

Eases you up and down  
independently

Raise and  
lower your feet

Lumbar support  
for lower back

Supports head,  
neck & shoulders

Recline back to  
suit your position

## Marlborough 4-Motor Riser Recliner

Understated and traditional, the Marlborough riser recliner puts you in full control with adjustable seating that can be tailored to your needs.

A riser recliner is the ideal combination of accessibility and comfort. It gives you motorised assistance when you want to leave the chair and also lets you lean back with your feet up for complete relaxation.

But our Marlborough chair does even more. It also comes with two extra control features – an adjustable headrest and lumbar support – to make it easy to find the ideal position.

The headrest and lumbar support will encourage correct posture whilst sitting and also alleviate any aches and pains in the head, neck, shoulders and lower back.

## Marlborough Reclining Two & Three Seater Sofa

The Marlborough sofa offers the same superb level of control as its reclining chair but provides two individual recline actions. This allows you and a loved one to find your own personal comfort levels whilst spending time together. The three seater model has one comfortable static seat in the centre.

Marlborough two and three seater sofas are available as fully static models.

## Comfort at the touch of a button

Each piece of electrically adjustable furniture in the Ultimate Comfort Collection comes with its own remote to help you fine-tune your position. It allows you to adjust carefully positioned posture points with just a few clicks of a button, responding in seconds to provide extra support and alleviate pressure on the joints.

The remote control is easy to use and our trained staff can show you exactly how to use it to get the best experience from your chair or sofa.

### Riser recliner control

Our riser recliner chairs will lift you gently up and out of the chair using the large, easy-press buttons on the handset. It moves into place in moments, giving you complete control.

The recliner function will ease you into a comfortable position so you can take the pressure off your feet and legs whenever you want to relax.

Press the handset control to ease yourself up and down independently and reduce strain on the hips/knees.

### Recliner control

Our recliner-only chairs provide a smooth action so you can lie back and enjoy complete relaxation. They also come with full head, neck and lumbar posture support adjustment options.

These posture support controls can also be adjusted via the panel on the side of the chair, which also includes a handy USB port for all your gadgets.

Press the handset control to ease you to recline with your feet up. Better leg elevation can help with circulation.

# **LUXE** Edition The Ultimate Comfort Upgrade

## Upgrade your comfort with the Luxe Edition

Enjoy the finer things in life with an Ultimate Comfort Luxe Edition riser recliner. Featuring a softer seat with two heat settings, two memory functions and a zero-gravity tilt function for the most luxurious comfort you've ever known.

### Zero-Gravity Seating Explained

## How the Trendelenburg Position works

The Trendelenburg Position can ease pain, inflammation and discomfort caused by a range of conditions, to help you find more comfort while you're reclined and feel healthier when you're up and about. The boost to your circulation encourages more blood to flow to the key parts of your body, and it eases minor respiratory symptoms too.

**Upgraded**  
Handset  
Design

## Luxury at the touch of a button

HEAT

Cycle between two heat settings with the big button handset.

M1

M2

Two-memory function saves your favourite seating setup.

We offer a variety of beautiful plush fabrics to give your chair the ideal finishing touch. With options that range from the stately and traditional to patterned fabrics with contemporary flair, we have everything you need to make the look of your chair absolutely perfect.

## Fully adjustable to your needs

### The 3 actions of our fully adjustable beds

Each of our electric adjustable beds is made to transform your bedroom into a practical and relaxing space where accessibility is always in arm's reach.

#### 5-Point Adjustment

Unlike adjustable beds, which may have fewer points of articulation, the 5-point adjustable beds we offer at CareCo provide maximum contouring around your body.

#### High Low

The same as our 5-point bed, but with the option to lift or lower the whole base to make it easier to facilitate your care.

**Please note:** Maximum weight per action - 25 stone.

Choose your mattress

Choose your bed size and number of actions

### The Cedar

10" Ortho Sprung mattress made from open coil springs with an orthopaedic spring gauge of 12.5g.

### The Willow

10" Ortho Foam and Sprung Combination mattress. Made from open coil springs with an orthopaedic spring gauge of 12.5g and a memory foam top. It comes in a breathable fabric with a quilted border.

### The Oak

10" Ortho Foam and Sprung Combination mattress. Made from open coil springs with an orthopaedic spring gauge of 12.5g and a reflex foam top. It comes in a breathable fabric with a quilted border.

### The Spruce

A 10" premium foam mattress made with 7" of reflex foam and a memory foam layer. Featuring a Belgian knitted polycotton cover and a quilted side border also in polycotton.

To keep things simple, we manufacture all our beds 210cm in length. Please check individual product pages for height measurements. Our beds are available in a wide range of widths which are fully illustrated here.

#### One Action

One handset adjusts the whole bed as one piece.

#### Two Actions

The two handsets allow each sleeper to control their side of the bed independently.

The Gateford

**HANDCRAFTED**

Willow	£1949 <sup>99</sup> ex VAT
Oak	£2049 <sup>99</sup> ex VAT
Spruce	£2149 <sup>99</sup> ex VAT

#### Bed Height

The height of the bed is 55.9cm.

#### Footboard

Beds are available with and without a footboard at no extra cost.

Drawers and legs are unavailable with the Swanford adjustable bed.

#### High Low

The same as our 5-point bed, but with the option to lift or lower the whole base to make it easier to facilitate your care.

The high-low feature of the Swanford is invaluable, making it easier for your carer to facilitate your care.

## Adjustable Bed Range

### Choose your fabric

Choosing the right fabric for your new adjustable bed is as much about finding what fits your personality as it is styling your room. From bold weaves, to delicate blush tones, to the luxury look of leather, we can help you select an upholstery fabric that goes perfectly with your bed.

The fabrics in our range have been specially chosen for their quality and durability. If you want to see and feel them for yourself, we have samples available at all of our showrooms.

## Dundee

The Dundee range offers an exquisite collection of textured weaves. With two variations in pattern, you can choose either the rustic style of hopsack, or the tighter, uniform weave of the plain Dundee. Available in a range of beautiful earth tones.

Hopsack Pebble Plain Lovat Plain Pearl

Hopsack Hemp Hopsack Oatmeal Hopsack Mineral

Hopsack Silver Hopsack Zinc Plain Charcoal

Hopsack Thistle Hopsack Cloud Hopsack Cocoa

The Dunham shown in **Hopsack Mineral**

## Notting Hill

The Notting Hill collection is a range of plush fabrics that feel delightful to the touch – a wonderful way to make your bed that much more luxurious. We offer dark fabrics that make a statement, as well as a variety of warm tones to create a soft look.

Plain Ecru

Plain Cobblestone

Plain Russet

These smaller cushions create elegant visual accents whilst providing extra comfort.

#### 16" Cushion

Sink into luxury with our 16" cushions, perfect for offering extra support when resting.

### Optional legs

Selection of legs in three wood finishes available on 2.3ft, 2.6ft, 3ft, 3.6ft and 4ft beds at **no extra cost**.

#### Oak

Well-loved, versatile and blends in easily.

#### Teak

A warmer wood finish with superb depth of colour.

#### Mahogany

Great matched with other dark wood furniture.

## Comfort at the touch of a button

Each adjustable bed remote control comes with large, easy-use buttons and a comfortable grip so you can find total comfort in no time.

### Change your position & find your ultimate comfort with the push of a button

Elevate your neck & head

Recline your neck & head

Elevate your legs & feet

Recline your legs & feet

All it takes is a few clicks to change position, and when you're done, just clip the remote to the side of the bed to keep it in reach.

### 5 ways to improve your comfort

#### Our beds support your posture & reduce body strain.

Aside from comfortable sleep, there are a number of health benefits an electric adjustable bed can offer.

#### Improved Blood Flow

Raising your feet can help to reduce swelling in the feet and ankles, promoting better blood flow to the heart.

#### Lounge To Reduce Neck Strain

Elevating your back can take pressure away from the neck and shoulders making it much easier to watch TV or read in bed.

#### Upper Body Elevation

A 45° elevation helps to relax and remove tension from the abdomen. Particularly useful for resting comfortably post-surgery.

#### Zero Gravity Comfort

The 'zero-gravity' sleeping position promotes better circulation, eases snoring and alleviates acid reflux symptoms by keeping the head raised.

#### Relieve Back & Leg Pressure

Adjustable beds take pressure away from key areas of the body to actively prevent joint pain and aching muscles when sleeping.

# Warranty Information

The 1st year of the product's warranty is a comprehensive no-cost in-home warranty. This covers technician callout, inspection, parts and repair or replacement - whichever is deemed to be more prudent. However, if the callout is found to be a no-fault callout & down to user error, the company reserve the right to charge an appropriate attendance fee.

## What is covered on an Ultimate Comfort bed?

1 Year Warranty	2-5 Year Warranty	Lifetime Warranty
Mattress		
Bed Frames	Bed Frames	
Bed Frame Covering	Electrical Components	Bed Frames
Electrical Components	Mechanical Actions	
Mechanical Actions		

After the 1st year the bed is guaranteed to be free of any manufacturing defects from the electrical components and bed frame. If there is an issue with the bed and it was found that a guaranteed part is faulty, this is covered under the guarantee and is supplied free of charge. However, engineer callout and labour will be chargeable.

After years 2 to 5 the bed frame is guaranteed for the lifetime of the purchaser to be free of manufacturing faults. If there is an issue and it was found that the frame is faulty due to the manufacturing process, the guarantee will cover the frame with no cost to the customer other than the engineer callout and labour being chargeable.

## Ultimate Comfort Chairs (4 Motor, Electric Recliner & Reclining Sofa)

1 Year Warranty	2-5 Year Warranty	Lifetime Warranty
Fabric/Leather		
Foam	Electrical Components	
Electrical Components	Mechanical Actions	Chair Frames
Mechanical Actions	Handset	
Handset	Chair Frames	
Chair Frames		

After the 1st year the product is guaranteed to be free of any manufacturing defects on the electrical components, mechanical actions and handset for up to 5 years. The chair frame comes with a lifetime guarantee.

If there is an issue with the part and it was found that a guaranteed part is faulty, this is covered under the guarantee and is supplied free of charge. However, engineer callout and labour will be chargeable.

## Static Furniture (Fireside, Chair & Sofa)

Year 1 Warranty
Fabric/Leather
Foam
Frame

Our standard 12 month warranty applies to all static furniture. This warranty cannot be extended.

**NOTE:** Any guarantee is with the original purchaser of the product and is not transferable.

FREE Delivery and Assembly of product with all Ultimate Comfort Chairs and Adjustable Beds

Leave the heavy lifting and tricky installation to our engineers. Your new product is ready to go from the day of delivery, assembled and installed when it suits you, not us.

# Terms & Conditions

**FREE**  
Home Assembly  
Worth £60\*

## Home delivery & assembly

\*Delivery and assembly is FREE to the UK mainland. Scottish Highlands and Non-Mainland UK may incur additional delivery charge.

## Specification

Whilst every care has been taken to ensure the accuracy of any specifications and measurements detailed in this brochure, they may be subject to change. Any images and swatches are representative and the final product may differ in terms of look and colour.

**LIFETIME**  
Guarantee  
on frames†

## Our Ultimate Comfort guarantee

† The lifetime guarantee applies to frames only. All of our products have a comprehensive 1-year warranty.

## Delivery Times

All furniture is made to order and approximate delivery is 4-8 weeks. This is subject to change and dependant on availability of materials and other circumstances that may be out of our control.

**VAT FREE**  
ELIGIBLE\*\*

## How do I claim VAT Exemption

\*\* The riser recliners and adjustable beds within the brochure are VAT exempt unless otherwise stated. Simply indicate your medical condition at point of order to qualify for VAT relief.

## Made to order returns

If you wish to cancel or make a change to 'Made to Order' products, you must notify us within 48 hours of placing the order. Unfortunately, we cannot accept returns on product(s) that are 'Made to Order', or have been ordered to your requirements.
